Thanks Dan After review of the proposed times, EPA does not believe the last November 18th meeting is necessary. So let's just schedule the first 6. Let me know if you have e mails for all participants outside of the EWG and EPA. Thanks for getting this together so quickly.

Ravi

Subject: Proposed AB Meetings

Ravi,

Below are times that work with EWG. Note September 15 and 24 are dates that we are proposing that are not on Wednesdays, in order to maximize attendance by Suquamish and Muckleshoot attendees. As you saw in Brick's proposed meeting approach document, we think Meeting #2 may be a continuation of Meeting #1, so we are proposing scheduling Meetings 1 and 2 one week apart (considering these aren't starting until September 9).

Let us know if these work for you and we will send out the invites.

September 9, 11 am - 1 pm (works for Glen, Allison, and Denise)

September 15, 11 am - 1 pm (works for Glen, Allison, and Denise) [intended to be continuation of Meeting #1, if needed]

September 24, 11 am - 1 pm (works for Glen and Denise but not Allison; there is limited availability for Suquamish between the 15th and the 30th)

October 7, 11 am - 1 pm (no info provided by the tribes)

October 21, 11 am - 1 pm (no info provided by the tribes)

November 4, 11 am - 1 pm (no info provided by the tribes)

November 18, 11 am - 1 pm (no info provided by the tribes)

Thanks

Dan

Glen, Alison and Denice - Thanks for a productive discussion and getting started with EPA on Anthropogenic Background Data Review. As we discussed it looks like Wednesdays from 11-1 work for us to meet bi monthly with the EWG on standing meetings. In terms of our internal meetings in September, please let me know what dates work best for you and I will set up the internal meetings.

Please let me know if you have any questions.

Thanks

Ravi
